

[ROBERT MWATUA]

Kenya | [Kilifi, Malindi, 80200] | [0714080296] | [favourmwatua@gmail.com]

Objective

A highly motivated and dedicated individual seeking to leverage my skills in software engineering and web development to contribute effectively to innovative projects. Passionate about problem-solving, continuous learning, and delivering impactful solutions.

Experience

2025 – Present

Student – Kenyatta High School Mwatate

Participated in regional-level robotics competitions, achieving 4th place.

Developed problem-solving skills through hands-on robotics and programming projects.

Collaborated with teammates to design and build innovative robotic solutions.

Education

Studied in Kenyatta high school Mwatate and I just finished High school waiting to join campus on September. I did robotics in high school and went to national level too.

Communication

Strong public speaking and teamwork skills gained from robotics competitions. Excellent writing and presentation abilities, effectively communicating technical ideas. Active listener with a passion for sharing knowledge and collaborating.

Leadership

I was in charge of Science, Technology, Engineering and mathematics(STEM) back then in high school. I was also a class prefect.

References

Available upon request.

Kenyatta High School Mwatate – Mwatate, Taita Taveta County
Expected Completion: [Month, Year]

Currently awaiting KCSE results.

Active participant in the school's robotics club, reaching the regional competition level.

Coursework includes mathematics, physics, and computer studies with a focus on problem-solving and analytical skills.
